MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: OSI Report, Exceptionally Large Soviet
Space Booster Programmed for 1967

1. The purpose of this memorandum is to bring to your attention the subject report prepared by the Office of Scientific Intelligence.

2. This report was prepared to present current evidence on the program timing and possible booster size of a very large vehicle being developed for the Soviet space program.

3. The report was coordinated with all interested elements of the Directorate of Intelligence.
